ABSINA WALLBOX

MODE 3 | 8-16A | 11KW | CEE

Discover the freedom of a reliable and powerful charging solution for your electric vehicle! Our innovative wallbox offers you flexible and efficient charging with a charging power of 11 kW and an adjustable charging current of 8 A to 16 A. With the intuitive app control, you can conveniently monitor and control the charging process from your smartphone, giving you full control over your vehicle's charging status at all times. In addition, the CEE connection cable supplied ensures a simple and safe connection to your power grid.

PRODUCT HIGHLIGHTS

- Mobile charging station for electric cars, installation-free with plug-and-play & easy operation via app - 11 kW Type 2 charger for on the road or at home.
- App control enables charging start, charging delay & charging current (8A to 16A) to be set - The app also shows the charging voltage in V, charging current in A, charging power in kW, charged energy in kWh, charging time in hours and much more.
- Safe charging thanks to integrated residual current circuit breaker TypeA+DC 6mA - Waterproof according to protection class IP65 - Impact resistance according to IK10 - Protection against overvoltage, undervoltage, overcharge voltage, temperature & short circuit - Flammability class UL94V-0.
- Compatible with all electric cars & plug-in hybrids with type 2 plug such as Model 3 / e-Up, ID.3, ID.4 / Zoe / Kono / Fortwo / 500 e, 500 / i3, X3 / A4, S4, Rs4, A6, S6, Rs6, e-tron, Q5 / GLK, GLC / Kuga / Leon / Yaris and many more.
- Delivery includes mobile wallbox 11kW 16A 3-phase, 3x RFID chip and 3x RFID cards for activating the charging process, wall bracket + mounting material - Dimensions 25.6 x 14.9 x 9.6 cm - Mains voltage 3-phase 415V 50/60Hz.

TECHNICAL INFORMATION

Charging capacity:	11kW
Output current:	8A bis 16A
Tension:	400V
Number of phases:	1 & 3-phase
Operating temperature:	-30°C ... +55°C
Protection class:	IP65
RCD:	TypeA+DC6mA

Compatibility:	Typ 2
RFID chip:	3 pieces
Display:	LED
App control:	Yes
Standby:	<3W
Connection cable:	60cm
Connector plug:	CEE 16A

PRODUCT DATA

Product name:	Wallbox 11kW
Part number:	301018
Tariff number:	85371098
Scope of delivery:	Wallbox, RFID chip (3 pieces), RFID cards (3 pieces), installation material, operating instructions
Packing type:	Carton

VOLUMETRIC DATA

Product	
Dimensions:	257x153x95mm
Weight:	1500g
Product + packaging	
Dimensions:	474x285x122mm
Weight:	2250g
EAN:	4260368689941
Packaging unit	
Quantity:	6
Dimensions:	600x500x420mm
Weight:	15000g
EAN:	4260368689989
